Foundation Field Seminar Assignments
The population that students serve in their foundation field placement determines the field foundation field seminar section to which they are assigned. No later than July 3, you will receive an email communication from the field office confirming which section of field seminar you should join. Your course work should be scheduled around your required section of field seminar. Please note that we will make every effort to keep you in the courses for which you are registered; however, in rare instances field seminar sections and/or course changes may need to be made based on the foundation field placement that is developed for you.

Additional information that you may find helpful includes the fall 2014 course schedule, descriptions of the foundation course instructors, and the faculty directory which includes curriculum vitae, syllabi, and research interests of most faculty members.

GOOD LUCK REGISTERING. If you have any questions regarding registration, please do not hesitate to call me at (919) 962-6443 or email me at bhsauer@email.unc.edu.
