Graduate students have two options if they wish to live on campus: Odum Village and Baity Hill apartments.

**Odum Village Apartments** offer furnished bedrooms in a two bedroom apartment which you would share with a fellow graduate student. For summer residency at Odum Village, you will need to apply online for a space, then, contact the housing office regarding a “summer extension” to move in during the summer.

To apply, visit [http://housing.unc.edu/](http://housing.unc.edu/). **If you have problems with the online application**, call Housing and Residential Education at 919-962-5401, or email housing@unc.edu.

**Baity Hill at Mason Farm** offers unfurnished on-campus apartments primarily to students with families. You can apply at [http://housing.unc.edu/apartments/baity-hill-at-mason-farm/apply-live-at-baity-hill.html](http://housing.unc.edu/apartments/baity-hill-at-mason-farm/apply-live-at-baity-hill.html).

If you would like to room with another social work student, contact Student Services Manager Linda Wilson at LWilson@unc.edu. She collects information for social work students who want to room with other social work students.

**Below are four helpful websites:**

1. [http://triangle.com](http://triangle.com) - provides access to: (1) local newspapers like The Village Advocate, News and Observer, etc., (2) real estate, (3) classified ads, (4) cars for sale, and (5) shopping and other things to do in the area.
2. [www.apartments.com](http://www.apartments.com) - good site for apartment hunting and to see the price ranges and locations of apartments
3. [http://housing.unc.edu](http://housing.unc.edu) - has links to additional off-campus resources.

Check with realtors or consult “The Village Advocate” newspaper for ads about off-campus housing.
