TEACHING METHODS:

Generalist Field Seminar meets seven times during the semester. One objective of the small group meetings is to provide students with the opportunity to participate in a group experience with their seminar leader, and to learn about group process and their personal group interactions. The success of the small group depends on the development of a supportive learning environment; reflecting the values of the social work profession is essential for the success of this class. A supportive learning environment is fostered by listening to the ideas and views of others, being able to understand and appreciate a point of view which is different from your own, articulating clearly your point of view, and linking experience to readings and assignments. Your contributions to making this a safe and respectful class for learning and growth will be appreciated.

GRADING SYSTEM

P = 80-93

L = 70-79

F = 69 and below

POLICY ON INCOMPLETES AND LATE ASSIGNMENTS

A grade of Incomplete is given on rare occasions when there is sufficient reason to warrant it. It is the student's responsibility to initiate a conversation with the instructor to request an Incomplete—instructors have no responsibility to give an Incomplete without such a request.

One point per day (including weekends) will be deducted for late assignments. No assignments will be accepted after one week from the due date.

In keeping with the UNC Honor Code, if reason exists to believe that academic dishonesty has occurred, a referral will be made to the Office of the Student Attorney General for investigation and further action as required.

ACCESSIBILITY AND RESOURCES SERVICES

The School of Social Work aims to create an educational environment that supports the learning needs of all students. The University of North Carolina – Chapel Hill facilitates the implementation of reasonable accommodations, including resources and services, for students with disabilities, chronic medical conditions, a temporary disability, or pregnancy complications resulting in difficulties with accessing learning opportunities. The Accessibility Resources and Service (ARS) Office at UNC has been established to coordinate all accommodations. If you might need accommodations at any point during the semester, please contact ARS prior to the beginning of the semester or as early in the semester as possible so that they can assist you; this process takes time. You can visit their website at <http://accessibility.unc.edu>, and contact ARS by email: accessibility@unc.edu or phone at 919-962-8300. The accommodations process starts with ARS and helps instruct Faculty at the School of Social Work on how best to proceed. As a School, we are committed to working with ARS and students to implement needed accommodations for all of our students. In addition to seeking ARS supports, please also reach out to your instructor to communicate how best your needs can be met once you have begun the ARS process.

POLICIES ON THE USE OF ELECTRONIC DEVICES IN SEMINAR

The use of electronic devices in the seminar is prohibited. Exceptions will be made only for students with written documentation of a disability. For these students the use of electronic devices for non-class related activities (e.g. checking email, playing games) is strictly prohibited.

WRITING SUPPORT

Clear, cogent writing is an essential skill for social work professionals. Writing support is available to all students through the School's Writing Support Team; they can help you strengthen your writing skills by sharing strategies for organizing information, presenting a cohesive argument, ensuring clear communication, and mastering APA style. Writing Support offers a *learning opportunity* for students but does not merely copy edit student papers. Writing support is available in-person, by e-mail, or by phone. E-mail a requested appointment day and time to SOSWwritingsupport@gmail.com . In addition, see the Writing Resources and References page on the School's website (under the Current Students tab: <https://ssw.unc.edu/students/writing>).

TRAUMA CONTENT

This course includes some intense content related to traumatic events experienced by children, adolescents, and/or adults. Students may experience strong reactions related to their own trauma history, or related to their lack of previous exposure to detailed accounts of harm that children/adults experience. Students may find themselves emotionally triggered or possibly overwhelmed, as well as having judgmental thoughts (e.g., about victims, caregivers, and

perpetrators of harm). Students are encouraged to develop and use self-care strategies during class sessions and when reading and/or completing assignments for class. Students may have strong reactions that are more safely processed outside of the classroom and with appropriate support from the instructor or with professional support. In the event that students experience significant distress, please notify the instructor. The instructor will seek to foster a safe classroom environment in which learning may occur. This includes setting guidelines for safe behavior collaboratively with students, preparing students for graphic case material, and utilizing alternative assignments when determined to be beneficial.
