Subject: Who are Our University, Local, State, National, and Global Community Partners

Dear colleagues:

As I shared in my [Strategic Plan\[t\]ing](#) update email on Friday, Sept. 30, a group of SSW faculty and staff are working with [Kairos Insights](#), our consultant partners, to write and deploy three survey instruments later this month: a Climate and Culture Survey, an Alumni Survey and a Community Partners Survey.

I am writing to ask for your help in developing the distribution list for the Community Partners Survey. If you work regularly with any organization/unit that you would consider a “Community Partner” (this could be within or outside UNC), please provide a contact name and email address for that organization/unit by completing this [Community Partners Google form](#) by Friday, Oct 7.

The information collected will be used in two ways:

- The Survey Advisory Committee will use this list to populate a distribution list for the Community Partners Survey.
- Our Communications team will build and maintain a stakeholder list for future communication.

If you are unsure whether an organization/unit you work with would qualify as a “Community Partner,” please complete the form anyway, and a member of the Survey Advisory Committee will contact you if clarification is needed. We would rather err on the side of inclusivity when compiling this list of partner organizations.

Thank you in advance for your assistance.
